## WAS HE CLUBBED TO DEATH? Is He Really and Truly Dead at All?

### BURTON TO NOMINATE TAFT

Congressman to Leave Wash-  
ington for Virginia, Where He  
Will Prepare Address to Be  
Given at Republican  
Convention.

WASHINGTON, May 28.—While no formal announcement has been made it may be stated definitely that Representative Theodore Burton of Ohio will present the name of Secretary Taft to the Chicago convention. Burton, since the institution of Secretary Taft's primary campaign, has been one of his closest friends and is regarded as one of the best representatives of all that Secretary Taft stands for in the United States.

Burton will leave Washington in two or three days for Hot Springs, Va., to take a needed rest. While there he probably will prepare his address nominating Secretary Taft. He will return to Washington before he leaves for Chicago to attend the convention. It is likely that he will go directly to Chicago from this city about June 12 or 13.

### DIES UNDER WHEELS

James Halwick, a teamster in the employ of the Hutchinson Construction Company, was killed shortly before noon today by being run over at East Fourteenth street and Sixteenth avenue by two wagons heavily loaded with rock.

A six horse team driven by George Shaw was attached to the two wagons, one following the other. While the horses were being watered near the scene of the accident they took fright and ran away. Halwick was thrown from the seat of the front wagon, falling under the wheels. Both vehicles passed over his body. Halwick had been off duty several days owing to illness and was riding with Shaw just before the accident. The body was taken to the morgue. Halwick lived at Thirteenth avenue and Hopkins street. He was 31 years of age and unmarried.

### Wright Bros. 'Aeroplane Capable of Carrying One Man 500 Miles

### AMERICAN INVENTORS OF AN AIRSHIP THAT FLIES AND THEIR AIRSHIP.

NEW YORK, May 28.—That which purports to be true descriptions of the Wright brothers' successful aeroplane, are published here this morning. The descriptions are taken from drawings and descriptions filed with the French patent office when application was made for patents which the French government issued in January last. To the partial descriptions of the invention given by the Wrights themselves, but one new fact is advanced, the plan by which the equilibrium of the aeroplane despite sudden and variable air currents. This is accomplished by means of building the main planes in three sections, the center one of which is rigid while the outer wings are so pivoted that a turn of a wheel at the operator's hand causes one wing to lift slightly while the other is correspondingly depressed, thereby increasing the angle of resistance in one wing and decreasing it in the other, the effect of which is to return the machine to an even keel.

"Fish-Tail" Rudder.  
To prevent a rotary movement being given to the machine by the action of the air currents on the wings, a "fish tail" rudder is put at the rear of the machine which is connected by cables with a similar rudder on the front of the machine by the manipulation of which the rotary movement is prevented. ### INFANT DROPS THREE STORIES TO THE GROUND

Skull Fractured and Parents Stricken With Horror

(Special to The Tribune.)  
SAN FRANCISCO, May 28.—Left for a moment to his own resources while his mother was engaged in some work in the kitchen and had her back toward him, Lawrence Carboni, a twenty-three-month-old baby, crawled out on the sill of the kitchen window and plunged three stories to the stone sidewalk in the alley below, while the mother, who had seen all too late the danger of the little one, looked from the window, at which he had arrived but a second after the little form had disappeared.

Skull Fractured.  
The baby was picked up in a horribly mangled condition by Charles Stabern, proprietor of the Lorenzo Apartments, 41 Octavia street, where the Carbonis live, and turned over to Edward Powers, driver for the Newburg market, who hurriedly conveyed him to the Central Emergency Hospital, where Dr. Zumwalt conducted the skull which had probably been fractured, and that the child was suffering from internal injuries, with but little hope of recovery.

Agonized Father.  
The mother was so prostrated over the affair that she is confined to her bed and a physician has been called to attend her. The father, who works for the Western Wine Company, at Hayes and Octavia streets, when informed of the affair, went straight to the hospital, and rushing in with cries of "Oh my baby, my baby!" was with difficulty restrained while the surgeon dressed the injuries of the little one.

Mother's Shriek of Horror.  
Charles Stabern, who picked up the crushed little form, says he was sitting at his window reading the newspaper when he saw what he took to be a pillow drop past him. He would have paid little attention had it not been for the shriek of despair which came from Mrs. Carboni, who leaned from the window above, and he thinks that had he not shouted to her to stand back, she, too, in her excitement, would have plunged to the ground.

### SUSPICIOUS OF POLICE

### MYSTERY IN CASE OF A HOLLISTER MAN

Relatives Are Taking  
Up the Question

Story of Alleged Beating at  
the Hands of San Francisco  
Police.

(SPECIAL TO THE TRIBUNE.)  
SAN FRANCISCO, May 28.—Whether or not A. C. Emery, formerly a well-to-do lumber merchant of Hollister, Cal., was murdered by officers in this city, whether he died of alcoholism, or whether indeed he is dead at all, is a matter being investigated by State Senator J. Davis of Hollister, who arrived in this city yesterday.

Arrested on May 10.  
It appears that Emery, under the name of John Mullaly, was arrested in the Franklin refugee camp, Sixteenth and Bryant streets, on May 10, 1907, by Special Officer M. L. West, whose address at that time was Fourteenth avenue, south, and charged with disturbing the peace.

On May 11 he was convicted in Judge Weiler's court and sentenced to ten days in the county jail. He was transferred to the jail on the 15th, and was apparently all right physically, when he left the city prison.

On the 14th he became unconscious and was transferred to the city and county hospital and died on the 15th, without regaining consciousness. The only word he uttered after reaching the hospital was "Emma." Death was said to have been caused by alcoholism and the man was buried by the city.

Story of Beating.  
Later an investigation on behalf of the relatives and insurance people made by Detective Gray of the Western Detective Agency of this city, resulted in the report that Emery was beaten to death by officers, and it is this report that Senator Davis is investigating. Special Police-  
man West, who made the arrest, was appointed by the relief board and seems to have disappeared, and Mr. Davis is having great difficulty in getting anything definite as to whether or not Emery resisted arrest.

The senator's object in the investigation is to be sure that the man who was buried as John Mullaly was indeed Emery or whether Emery has disappeared and Mullaly is an entirely different personage.

### Senator LaFollette in Role of Filibuster

WASHINGTON, May 28.—It was made evident soon after the Senate convened today that Senator LaFollette would do all in his power to obstruct the passage of the compromise currency bill and there was ground for the report that he had succeeded in obtaining assurance of help from Senator Stone, of Missouri, who had but just returned from his home.

### THROAT CUT FROM EAR TO EAR

Horrible Fate of Helena Miner,  
but Nothing Found to Tell  
by Whom the Bloody  
Deed Was Done.

BUTTE, Mont., May 28.—His throat cut from ear to ear and the corpse and room stripped of almost every clue to his identity, a man was found in a local lodging house here this morning.

He was about 35 years of age. A letter from a sister, no name given, and addressed to Ed Smith, was found in his effects, dated "Castleton," but no State was given. The envelope was missing.

The accused also had a card as a lumberman from the Western Federation of Miners, issued by "The Potomac Lodge," a receipt for poll-tax, issued in Helena, Mont., last year, was also found. There is no clue to the murderer, nor was any weapon found.

### POLICE HAVE NOT SOLVED MYSTERY

Capt. Petersen Says Explosion Was Carefully Planned

The police authorities admit that they have no clue that would lead to the detection of the person who blew up "Big Jim" Gallagher's houses at Parkins and Belmont streets, near Lake Merritt. It is a waiting game the officers are engaged in, and they confess that the difficulties are very great.

Captain of Detectives Petersen says it was not a crank that blew up Gallagher's houses. This is his opinion, and so far as the public is informed that is the only point on which the detectives have arrived at any conclusion, for they admit that they have no clue to the identity of the miscreant who set off the dynamite that wrecked the Gallagher buildings.

Carefully Planned.  
Enough has been ferreted out, Petersen admits, to convince him that the explosion was carefully planned and of deliberate intention, such as would characterize the work of a mere crank.

Difficult of Solution.  
It is admitted at police headquarters that the case is difficult of solution. Capt. Petersen goes beyond declaring that the bomb was not exploded by a crank, refuses to discuss the case. He promises to make public any material facts in the affair as soon as they develop.

Swarms of Relic Hunters.  
Swarms of relic hunters flock about the wrecked buildings daily, and it would be odd if some of these curiosity seekers should stumble onto a clue that thus far has eluded the sharp eyes of the detectives. Yet stranger things have happened in the history of crime, and the public officers would be glad to welcome assistance, no matter from what source it comes.

### 208 SAYS THIS WIFE BEATINGS Once Each Week for Four Long Years

At least once a week for about four years, Mrs. Lena Rebb received a beating and was the object of vile epithets from her husband, Peter Rebb, according to her answer and cross complaint to her divorce which was filed today. The couple were married in 1902 and lived together until February, 1906.

Mrs. Rebb claims that her husband beat her about the head and ears with his fists and with sticks and dragged her about the room by her hair. Beatings from her husband were frequent.

Mrs. Rebb claims, and she was pulled about the rooms of her home so often by her hair, that she got accustomed to it.

### NUPTIALS TO BE MONTHS HENCE

Edna Goodrich Not to Become  
a Bride Until After She  
Makes Another Trip  
to Europe.

BERKELEY, May 28.—There will be no immediate wedding of Miss Edna Goodrich, the actress, and Harry J. McMillan, the Berkeley and Goldfield mining millionaire, society gossip and newspaper reports to the contrary, if the prospective groom means what he says.

The date of June 10, which Mrs. Grundy had fixed for the ceremony is premature, according to a statement made by McMillan himself this morning following his arrival from Goldfield, at the home of his mother, 2513 Derby street. With Miss Goodrich and her mother at the Fairmont Hotel in San Francisco, the social prophets have conjured visions of a troupe and an elaborate wedding within a few days.

Going Back to Europe.  
"That Miss Goodrich and I will be married on June 10 is an error," said Harry McMillan this morning. "Miss Goodrich has come from Europe with her mother to pay a social call on my mother. She will remain here five days and return immediately to Europe, where she will spend at least three or four months resting and recuperating from the stress of stage life."

This is the first authoritative statement I have given to newspapers on the matter of my wedding.

Many Months Distant.  
"There have been numerous reports printed and all without foundation as far as Miss Goodrich and myself are concerned."

# PRIEST RECEIVES THREAT OF DEATH

## Letter in Blood Declares Church Will Be Dynamited

CHICAGO, May 28.—Father Peter J. O'Callaghan, head of the Paulist Order in Chicago, and Attorney Francis E. Hinckley have been informed through an anonymous letter written in blood and wrapped in rags, that they have been marked for death by mysterious enemies, and St. Mary's Church, Wabash avenue and Hubbard Court, has been doomed to be blown up with dynamite.

The threatening letter had been dropped by an unknown hand into the post box at St. Mary's Church of which Father O'Callaghan is pastor. It was unsigned and unaddressed. On one side was a crude drawing of a skull and cross bones.

Death to the priest and the lawyer was threatened, it is believed, in consequence of their efforts to obtain a pardon for Herman Bilke, under sentence to hang on June 12, in the Cook county jail on a charge of murdering by poison, six members of the Venzel family.

A chemical analysis proved that the red fluid in which the letter was written was blood, and not red ink.

Father O'Callaghan declared last night that he would lay the letter before Governor Deneen in the hope that it would induce the Governor to pardon Bilke.

Father O'Callaghan and Hinckley drew a confession from Jerry Venzel a few months ago that he had given perjured testimony against Bilke at the trial. By this means they succeeded in bringing Bilke's case before the pardon board. The board sat with Deneen in extraordinary session in the District Attorney's office and examined the evidence. The investigation led the Governor to reprieve Bilke and to advance the date of his execution to June 12.

# RECEIVER EDOFF IS TO PAY OUT \$100,000

## Third Dividend Ready for Depositors of the California Bank of Oakland.

J. P. Edoff receiver for the California Bank of Oakland, obtained an order from Judge Harris today permitting him to pay the third dividend amounting to \$100,000. In reply to questions by Attorney Snook Edoff testified that the money is on hand and ready for distribution.

Edoff also presented a petition asking the court to set aside certain contracts which the directors of the California Bank had made with the bank of William Collins of Ventura before the failure of the California Bank of Oakland.

These contracts are commonly known as the "Collins contracts" and amounted to \$71,000. Edoff said that after investigation it was found that these contracts were so worded that if enforced would make it so that the bank of Collins & Edoff would have to pay almost nothing to Edoff.

Edoff said that if the contracts are set aside he will come in as a claimant against the Collins bank and will get his share of the resources of the Collins bank, estimated to be about \$500,000.

After hearing the testimony Judge Harris gave an order in which he said approval of the settlement proposed between the California Bank and the Collins bank of Ventura, is refused and withdrawn.

This will allow Receiver Edoff to sue the Collins bank of Ventura for the sum of \$171,000.

# POLICE HAVE NOT SOLVED MYSTERY

## (Continued from Page 1.)

### Searchers Excluded.

There were so many searchers for souvenirs about the Gallagher place yesterday that the operations of the workmen were impeded and it became necessary to exclude the curiosity seekers.

Men and women came from San Francisco as well as from remote points on this side of the bay, and gathered up every scrap of debris from the devastated structures. One young woman wearing a merry widow hat permitted her escort to strip from her headgear a long streamer of ribbon, which she tied in a bow-knot around a nail that still stuck in a section of window sash that had been blown from the side of the building. A few women of glass were still clinging to the inside corner of the woodwork.

### Little Can Be Saved.

After an inspection of the premises by the representatives of the Oakland Board of Public Works it was decided that very little of the interior of the main building could be saved. The kitchen was utterly demolished. Only the framework and the exterior part of the building, including the roof and the pergola, will be allowed to stand.

### Looking for a Cat.

All of the sleuths detailed to unravel the mystery are hot-footing it today after a cat presumed to have been wounded in the explosion, it being presumed that the cat is found evidence will be produced to account for the bloodstains on the sidewalk near the wrecked building.

The theory that was advanced yesterday that the man who set the bomb had taken his time in getting to a place of safety and had been wounded with flying glass or splinters of wood was floated when it was learned that a cat had been blown over the back fence by the force of the explosion. The detective concluded that this animal had left a trail of blood as it painfully made its way from the neighborhood.

# SEA CAPTAIN OF FAME ON CHINESE AFFAIRS IS DEAD

ALAMEDA, May 28.—Captain Martin Francis Patterson, one of the best known sailors of America, who was a familiar figure at Pacific Coast ports and in the Orient, died last night, at the age of 73 years, at the home of his daughter, Mrs. William Latham, 1279 St. Charles street.

Captain Patterson was born in Belfast, Me. He had been a resident of China for the last few years, and was prominent in the social and business life of the American and European colonies, in the Orient.

He had been a resident of China for the last few years, and was prominent in the social and business life of the American and European colonies, in the Orient.

After a long career in the Orient he resigned in September, 1903, and since then has been living quietly with his family in Alameda.

Captain Patterson went to sea in 1840 and in 1853, took command of a sailing vessel called the Plymouth Rock. In 1867 he took the steamer Warrior from New York to Shanghai for the firm of Russell & Co. and remained in their employ until 1875, when he joined the China Merchants' Steam Navigation Co.

Captain Patterson knew almost every prominent Chinese official of his time.

Throughout his fifty years as master his career was a life of unblemished honor. He was never responsible for a serious accident and never lost a ship.

## RECEIVER ASKED FOR THE WABASH-PITTSBURG

PITTSBURG, Pa., May 28.—At 3:45 this afternoon Attorney James Beale made a petition in the United States court for the appointment of a receiver for the Wabash-Pittsburg Terminal Railway Company. Judge Young is now hearing the application.

NEW YORK, May 28.—An interest closely associated with the Goulds was quoted today to the effect that at a meeting of the directors of the Wabash Railroad Company, yesterday was decided not to furnish further money for the Wabash-Pittsburg Terminal Railway Company, thereby making reorganization essential.

PITTSBURG, May 28.—At 4:30 p. m. Judge Young appointed F. H. Skelting, president of the Standard National Bank, and G. S. McMaster, general superintendent of the Wabash line, east of Toledo, Ohio, as receivers of the Wabash-Pittsburg Terminal Railway Company. Their bond was fixed at \$100,000.

## SUES TO RECOVER \$10,000 IN DAMAGES

Charles N. Pring and Mrs. Minnie Pring, his wife, commenced suit for \$10,000 damages against the Oakland Traction Company yesterday in the United States court, when they alleged that while Mrs. Pring was riding on a car on Broadway at Fourteenth street, on August 3, 1907, the car she was riding on was bumped by another car and she was thrown against a station and permanently injured.

## LOCAL BREVITIES

Jumps for Hat and Breaks Leg.—Frank Allen, a trapeze performer, leaped from an Alameda car on the Webster street road last night in an effort to recover his hat which had blown off, and sustained a fractured left leg and a lacerated scalp.

Case Continued.—Further argument of the motion for a new trial for Wong Loung, a Chinese who was convicted by a jury of murdering a fellow-countryman in a recent war, did not take place today in Superior Judge Ogden's court, as Attorney Stanley Moore, representing the defendant, could not be present, having been called to Fresno. The matter was continued for one week.

zonal rudder is also fixed to the front of the machine.

This is the only portion of the machine which is not described by Orville Wright, who is quoted as follows:

"Approximately it consists of a box like frame 40 feet wide, 7 feet long and 7 1/2 feet deep, made of spruce and ash. At the center and top front is a front rudder, a feature which the Wrights introduced and which has proved superior to the old method of a rear rudder.

"In the center, to the rear is the tail of the machine, approximately 12 feet in length, less than one-third the length of those on French flyers. This consists in different models of one or two vertical cloth-covered frames.

## Two Propellers.

"At the rear, balancing the machine and as near the center as possible are two propellers. Below the frame-work and toward the rear, is a skid, similar to the runners of the sleds. This is used for landing and differs in this particular from the French machines, which are equipped with wheels. For a portion of 12 feet at each end, the upper and lower framework is provided with a surface of strong cotton cloth.

"In the center of the machine at the bottom is a small double wheel truck, which, running on a mono-rail, is used while the machine is acquiring speed on way to leave the ground. The mono-rail is easily movable in any direction. The Wright machine weighs about 800 pounds and in addition to its own weight, including a four cylinder motor of between 25 and 30 horsepower, devised and made by the Wright brothers, the machine can carry two men and fuel enough to drive the machine three hundred miles. It can carry enough fuel, with one man aboard, to travel 500 miles."

The boulevards of Broadmoor are creating an immense amount of attention. Road-building experts pronounce them the greatest triumph of the road building they've ever seen. Hundreds of lots will unquestionably be sold tomorrow.

# ACCUSES HUSBAND OF GREAT CRUELTY

Mrs. Emma F. Ayres Alleges That Spouse Threw Her Out of the House.

Mrs. Emma F. Ayres commenced suit today for divorce against Edgar S. Ayres, a prominent contractor of Los Angeles. Mrs. Ayres charges her husband with extreme cruelty. The couple were married in San Francisco in January, 1904.

## Thrown Out of House.

Mrs. Ayres claims that on one occasion her husband asked her to give him \$500 which she had earned as a music teacher. She refused to give him the money and she claims he threw her out of the house. She also claims that on one occasion her husband took their child, three years of age, and attempted to hide her. Mrs. Ayres claims he became frightened and returned the child to his home.

Because of these actions the plaintiff claims she has been caused great mental suffering and that her health has been broken by her husband's actions. She also charges that he has treated her cruelly and has neglected her.

## Wealthy Contractor.

Ayres has the contract to build the United States postoffice in Los Angeles. He is considered wealthy and has considerable property in the southern city. # PARROT BRINGS \$5 IN COURT SALE

An interesting auction sale took place this morning in Superior Judge Waste's court, the probate department of the Superior court, the "article" up for sale being a live parrot, that seemed awed by the proceedings, as he said not a word during the proceedings. The bird was finally returned to its original keeper, Mrs. Jennie Torre.

The parrot is a portion of the estate of the late Lurli Torre, who was a grocer at 1029 Third street in this city. The matter before the court this morning was the petition for the confirmation of the sale of real property belonging to the estate. Judge Waste called for bidders on the different articles and when the parrot was put on sale, a spectator in the lobby bid \$4.11 more than the original bid of the widow, Mrs. Jennie Torre. Mrs. Torre has become fond of the bird, however, and did not desire to lose it, so she bid \$5 and the parrot was awarded to her.

# POSTAL CLERKS TO HOLD SESSION

The annual convention of the post-office clerks will be held tomorrow afternoon in the city hall. A delegation from all over the State is expected to be present.

Some very important matters will come before this session. They will ask for a thirty days' leave of absence during the year. This will include the regular vacation. At the present time fifteen days a year are set aside for holidays.

Another important issue will be the petition for a forty-eight hour a week schedule with extra pay for overtime. If a man is forced to work Sunday, they want it arranged so that he may have some other day during the week for rest. At the present time salaries are paid by the year and there is no provision made for overtime.

# FATALLY HURT BY POLICE AUTO

Knocked Down by Machine and Skull and Leg Fractured.

The automobile of the police department last night struck and probably fatally injured Stanislaus Vitelli, a cook, 40 years of age, at the corner of Eighth and Chestnut streets. Vitelli is at the Receiving Hospital. He is suffering from a fractured skull and left leg.

George Caveny was driving the police auto when it struck Vitelli and he claims that the machine was running at about ten miles an hour. The auto was running in an easterly direction along Eighth street, and at the corner of Chestnut street Vitelli walked out in front of the machine and was hit, his body being thrown beneath the auto.

## GOVERNOR'S WIFE VISITS ALAMEDA

ALAMEDA, May 29.—Mrs. Dr. F. Dickinson, wife of the governor of Nevada, is visiting Mr. and Mrs. McEllen at their home, 1817 San Jose avenue.

Governor and Mrs. Dickinson came to Alameda during the visit of the Lieutenant Governor, returned to Reno, but Dickinson, who was then Reno Sparks last Sunday.

Dickinson is the youngest governor that Nevada has ever had. He settled in that State ten years ago and worked as a miner in different mines. Later he was elected county clerk of White Pine county, which is a Republican stronghold.

The Democrats realized that Dickinson's personality was one of the principal factors in turning victory to them.

Dickinson has been a miner and he knows the life and trials of and sympathizes with miners.

Governor Dickinson was incarcerated in the "bull pen" during the Coeur d'Alene troubles in Idaho several years ago.

# BIG EVENT FOR TOMORROW

Gala Day Among the Shades of Broadmoor.

Broadmoor, the magnificent tract of acre and half-acre country villa sites near San Leandro opens tomorrow, and it is expected that an immense crowd will be in attendance. There has been a demand for just such property as Broadmoor for several years, and it is unusual that none of the real estate firms around the bay saw the trend of affairs before.

Broadmoor will be essentially a park of country homes—a grouping of acre and half-acre villa sites, populated by the better class of home builders who, although busy with their affairs in the city, wish the quiet and the freedom of an out-of-town home. The nearest tract of the kind is at Los Angeles, called Hollywood, and although in many particulars Broadmoor will be an improvement upon Hollywood, at the same time the idea is a similar one.

Broadmoor will enjoy all the advantages of a city, such as electricity, gas, telephone, transportation, etc., and at the same time give its residents the freedom of country life.

The owners estimate that at least 5000 people will visit the tract tomorrow and Sunday.

Mr. Chas. Smith of Jimes, Ohio, writes: "I have used every remedy for the sick headache I could hear of for the past fifteen years, but Carter's Little Liver Pills did me more good than all the rest."

# SLAIN MAN WAS THUG, SAY POLICE

Moore, Alias Indian Johnson, Has Unsavory Reputation, According to Denver Report.

Captain of Detectives Petersen yesterday received a circular from the police in Denver which stamps George Moore, alias "Indian" Johnson, who was shot to death in the Central Hotel, 618 Twelfth street, by Robert Anderson and his wife, as a confidence man and desperado.

According to Chief of Police R. M. Carter of Denver, Moore was arrested on June 22, 1906, for bunco work and was ordered to leave the city. Returning to Denver, Moore became embroiled with a water named Russell Chitwood, over a woman of loose reputation, Mabel Preston. He stabbed Chitwood several times and was arrested for an assault with a deadly weapon. Chitwood recovered and Moore escaped prosecution. Chief Carter says Moore was a dangerous character and would draw a weapon and kill on the slightest provocation.

# WIFE BIT HIM, HUSBAND CLAIMS

Declares Spouse Said, "I Will Get a Divorce and Marry My Sweetheart."

Many allegations of cruelty are made by Halt Hall in his suit for divorce, filed today against Mrs. Hazel G. Hall. Hall claims that his wife called him a "drunkard" and applied various other epithets to him. He asserts that Mrs. Hall told him that she hated him and that she would get a divorce from him and marry his "sweetheart" if he would let her. He declares that she has been giving him a ring which she claims she told him had been given her by another. He declares that she declared that she wished their two children had never been born.

## HUSBAND AND WIFE BOTH SEEK DIVORCE

George B. Cannon has filed an answer to his wife's cross complaint for divorce and denies all her allegations of failure to provide, desertion and cruelty. The wife, Mrs. Carrie A. Cannon, alleges many things against her husband in her cross complaint and he now makes a general denial of all charges. Both Cannon and his wife are seeking a divorce decree, but neither wants the other to get it. The trial of the suit, it is said, will develop sensational testimony, which Cannon and his wife are to bitterly contest the other's action.

# MUTT'S WALKING CLUB SHOWS SOME SPEED AND IS NOW IN CHINA.---BY 'BUD' FISHER

The plunger and party having grand time in the land-of the poppy seed.

PING PONG, China, May 28.—The third day of our journey finds us in this beautiful Chink village. As I sit on the balcony of the only first-class hotel in Ping Pong I can see all the boys. I regret very much to say that the General, who has been on the water wagon ever since we started, has fallen off. He got up to give a lady his seat, and is at present dallying with a glass of Chinese gin, better known as "Ah Joy." Pickles, as usual, is the fall guy for Beany, and is impersonating a coolie pulling his boss

around in a jinrikisha. Little Jeff is greatly moved by the spectacle.

Judge Crawler has just been kicked out of a chop suey joint. It seems that the Judge became restless waiting to be served and ate the joint's pet canary as an appetizer. Tobacco is busily engaged trying to bull a rich native into prosecuting the Ping Pong grafters. Native seems to be from Missouri, and fails to fail. The parrot has been sitting on the hotel sign hitting the pipe. He has just fallen off his perch. J. Tired Feelin, in a

temporary effort to become oblivious to the past, is also taking a shot of hop in a pill shop across the street. Attorney Shorttriss has just startled a bewildered Chink with the marvelous dexterity with which he operates the index finger. From my point of vantage I can see Beany's goat returning from the josh house. He is munching a set of the main josh's whiskers. I have just sent Cicero up to Kid Fuey Gow's poolroom to bet a couple of laundry tickets for me.

We continue our journey at sunrise.

A. MUTT.

## SANITATION BILLS NOT YET AUDITED

City Council Committee Wants Further Information in Regard to Expenditures.

The auditing and finance committee of the City Council has again balked over the passage of bills submitted to it by the Board of Health, particularly in relation to bills incurred in the carrying on of the rat crusade.

Last night at the meeting of the committee several bills were held up and Dr. J. D. Long, the government official who has been conducting the sanitary campaign, was ordered to appear before the council next Monday night at 7:45 o'clock and explain the manner in which the bills were incurred.

**Bills Held Up.**  
Among the bills held up by the committee are the following:  
Bay Cities Lime and Supply Company, 1000 barrels of lime at \$120 a barrel, \$120,000.  
Diamond Rubber Company, \$58.50.  
Ninth-street Stables wagon hire, \$45.  
A. L. Leber, rat poison, \$204.50.  
Dr. Stephen White, rat bait, \$41.25.

**City Bacteriologist.**  
The bill of Dr. Katharine McClurg for \$50 for services as city bacteriologist, was also held up. Dr. McClurg acted in the absence of Dr. Nussbaumer, who was granted two weeks' vacation and who, she says, was advised by the Board of Health to engage a substitute.

**PIEDMONT MUST PAY FOR USE OF SEWERS**

Proposition That Will Tax Suburb to Aid in Maintaining in Drainage Facilities.

The town of Piedmont will be asked to pay the city of Oakland \$2000 a year for the use of its sewers if the recommendation of the auditing and finance committee is passed by the City Council. Piedmont will have to pay \$2000 for the fiscal year which is about completed and \$2000 in advance for each future year. The proposition of the committee will be sent to the Town Trustees of Piedmont and they will be asked to reply within ten days.

The proposition was decided upon at a meeting last night. City Engineer Turner appeared before the committee and submitted figures relative to the cost of laying the Oakland sewers which are being used by Piedmont, the area tapped by these sewers in Oakland and Piedmont and the population in the districts in question in Piedmont and this city.

**Cost of the Sewers.**  
Turner stated that the cost of the sewers was about \$110,000 and that of this amount Piedmont had paid about 6 or 7 per cent. In territory about 55 per cent is tapped by the sewers in question in Oakland and 45 per cent in Piedmont. The population affected is about 60 per cent in this city and 40 per cent in Piedmont.

The members of the committee took these figures and decided that Piedmont should pay Oakland \$2000 a year and per cent of expenses that might be incurred in the maintenance of the sewers in the future.

The matter of asking Piedmont to pay for the privilege of using Oakland's sewers has been before the council for some time and at times the controversy has been lively. The Piedmont trustees, however, declared their willingness to pay for the sewer privilege and the local council committee determined on a charge.

This ticket includes 70 miles steamer trip around the lake. Now is the opportunity for good trout fishing. Tickets on sale at Southern Pacific office, 12th and Franklin Streets, Oakland, Cal.

## OAKLAND TO HAVE THE COUNSEL OF THREE WOMEN

Fair Sex to Serve on Park Commission

Oakland is to have three women as officials, that is not strictly speaking in a legal sense, but three of the fair sex who will assist in weaving the destinies of the city. They are to be appointed as members of the park commission, that is if the city council passes favorably upon the recommendation of its ordinance and judiciary committee.

The committee met last night and recommended that an ordinance be passed, granting permission to the mayor to appoint five persons, three of whom must be women, to serve as a park commission, and act in conjunction with the Board of Public Works in improving and promoting the interests of the parks of this city.

**An Advisory Board.**  
The members of this committee will not act in an official capacity, but will be an advisory board. The members are to serve two years, without compensation.

Mrs. Elma Kewer and Mrs. F. C. Barnett were present at last night's meeting, acting as representatives of the Woman's Suffrage Club and the Woman's Civic Clubs. They were given seats near the members of the committee and took great interest in the proceedings.

When the proposed ordinance came up and was read, the members of the committee favored it. Councilman Elliot, chairman of the committee, started the idea of having women on the commission by saying: "I am going to get the ladies to

## The Defamation of San Francisco.

"Public Opinion Must Aid Public Prosecutors to End the Reign of Terror Created by the Higher-Ups" is the caption of a flaming editorial in the San Francisco Call. In the course of the article it is stated that a "secondary crisis has come in the city's affairs so serious and so obvious that conservative and sensible men have come to talking about a vigilance committee as the only means left to preserve the peace and to protect life and property." The Call says this talk is foolish, but it proceeds to rant and froth in an effort to prove that conditions have come to such a pass in San Francisco as to render the formation of a vigilance committee necessary.

Is there a reign of terror in San Francisco or any semblance of such a condition? Is there any unusual disorder in the city? Are life and property so unsafe as to require extraordinary measures of protection? Will any candid person answer these questions in the affirmative? A negative answer accuses the Spreckels organ of grossly maligning the city and injuring its reputation abroad.

All good citizens are agreed that law and order must be preserved and life and property fully protected. Only by maintaining peace and order and protecting the person and property of citizens can a stable and prosperous society exist. But agreement on this point cannot be made the predicate of wild statements that the community is overrun by thugs and a prey to anarchy. Every person at all familiar with conditions in San Francisco is well aware that the statements are grossly untrue and made in a desperate effort to justify schemes and measures destructive of order and personal security. The conditions of public safety in San Francisco are as good today as they have been any time within the past twenty years. We doubt if they have ever been materially better. It is an outrage, not only upon the truth, but upon the fair name of the city to say, as District Attorney Langdon did a few days ago, that San Francisco is a prey to anarchy, with murder and assassination walking abroad in the streets.

Who has been murdered in San Francisco? What attempt has been made at assassination? The Gallagher explosions are the only actual occurrences pointed at as proof of the ridiculous assertion that the city is a prey to anarchy and overrun by thugs, but they took place in Oakland, and assuredly this town is not a prey to anarchy nor terrorized by thugs. Because a few persons rushing around with pistols in their pockets, accompanied by armed guards, assert that a reign of terror exists does not prove the existence of such a state of affairs. In all the proceedings in the graft prosecutions the only man who boasted of being armed in court and threatened to use his pistol was Francis J. Heney. William J. Burns was the first man to quarter a band of hired fighters in the city. But in all the stormy and acrimonious controversies of the past year not a single act of violence has occurred, not a drop of blood has been shed. Now San Francisco is as quiet as any city in the country, with every department of the municipal government in hands friendly to the prosecution. The Sheriff's office, the Police Department, the Mayor and the District Attorney's office are all in accord if not alliance with the special prosecution, of which Randolph Spreckels is the directing head. Wherein has any of them failed to afford the protection or neglected to preserve the peace?

Such ravings as the Call utters would be nonsensical if they did not create a false and injurious impression abroad. They tend to create a belief in other sections of the country that a condition of frontier lawlessness prevails in San Francisco, that violence and crimes walk unchecked in the streets and that life and property are so insecure that the formation of a vigilance committee is being debated by conservative and sensible men as a last resort to preserve law and order. Such mischievous representations pass all bounds of decency and veracity. They are a criminal libel on the people of San Francisco, whose courage, intelligence, patriotism and integrity they impeach. Spreading such mendacious statements broadcast harms the whole State of California, for the whole State suffers by the representation that its metropolis is a prey to ruffianism and disorder, that a reign of terror prevails and that crime and criminals run riot in the streets. Unfortunately San Francisco is cursed by a gang of alleged purifiers who insist upon making the world believe the city is a modern Sodom, inhabited mainly by crooks and border ruffians.

The San Francisco Chronicle is much exercised over the report emanating from Washington that President Roosevelt intends to appoint General Luke E. Wright, a Democrat, Secretary of War when Judge Taft resigns to accept the Presidential nomination. We see no occasion for alarm or regret. General Wright is a man of ability and high character; he has already served under this administration as Governor-General of the Philippines and as Ambassador to Japan. Should he be appointed Secretary of War his tenure would be brief and devoid of political significance. It would not gain Taft a single electoral vote in the South, but it would do no harm to the Republican party. However, we do not believe General Wright will be placed at the head of the War Department, but if he should be it is silly to think his appointment will be dictated by the hope of making votes for Taft.

## The Thinning Ranks.

At roll call tomorrow there will be many failures to respond in the ranks of both the Blue and the Gray veterans of the Civil war. On the roster of the Grand Army of the Republic there are about 225,000 names and the record's show this army to be shrinking at the rate of from 5000 to 9000 a year. It must be remembered that these figures do not fully represent the death rate for the reason that many thousands of the veterans do not belong to the Grand Army, and though many join each year they do not offset the death list.

When forty-three years ago the war was declared at an end the official figures show that there were 798,000 soldiers present in all the armies of the Union and 202,000 absent on sick leave or with orders or detail. It is not known definitely how many men the South had in their armies at any time during the war nor has there ever been an official statement made as to how many met death. The list of fatalities on the Union side was 95,000, evidencing the hard fighting which took place.

It is for all these reasons that Memorial Day increases in importance as the years pass and the sentiment which has done so much to heal the great breach grows as the last of the old heroes pays his respect to dead comrades on this one day set apart by custom as a remembrance of their work.

It is one of the most touching sights in this country this march of the Blue and Gray, side by side, as custom has brought about, to

the graves of their departed comrades, and it is this object lesson which does so much to inculcate patriotic zeal in the minds of those who have come since.

The serried ranks grow thinner year by year, but the veterans are as dear now as they were in the days when their strength and sacrifice created a bulwark against the nation's danger.

The Sydney, New South Wales, Herald states the remarkable fact—if it be a fact—that the ratable (taxable) value of Sydney is greater than any other city in the British Empire, London alone excepted. The Herald says Sydney is ahead of Glasgow, Liverpool, Manchester and Birmingham. Last year the amount of \$15,000,000 was expended on new buildings. This indicates that the Australian metropolis is a wealthy and growing city.

Recently William Jennings Bryan was asked if he would vote for Governor Johnson of Minnesota if the latter got the Democratic nomination, and for once the silver tongued orator lost his voice.

An ordinance to lower the telephone rates in San Francisco has been passed by the Board of Supervisors. Probably they want to make talk cheaper.

Whenever the philosophies of George Bernard Shaw and Henrik Ibsen enter the household, good digestion and comfort seem to fly therefrom.

HEARST SHOWS

"Mayor" at Expense of People  
Enjoyed Pleasure Denied  
to Editor.

NEW YORK, May 29. — The following letter was made public last night by Clarence J. Shearn, special counsel to the attorney general in the quo warrant proceedings:

"My Dear Mr. Shearn: I see by the papers that just as I am departing for a brief vacation, Mr. McClellan's lawyers suddenly decide that my presence is somehow strangely essential in the recount case."

"Why am I wanted and for what?"

"I suppose this is merely a move preparatory to some further delator or else a personal annoyance, but if Judge Lambert himself should indicate any wish that I should return or should suggest in the faintest way the desirability of my being present, I should regard the matter in an entirely different light, and would abandon my vacation and return at once."

"It is amusing, isn't it, that 'Mayor' McClellan, while in public office and being paid by the citizens to attend to his duties, could leave the country and this case and spend all of last summer abroad, while I, a private citizen, who have been here in town accessible for the past three years, cannot take a brief trip without agitating to such an alarming extent Mr. McClellan's superintendive attorneys. Any one would think it was I who had purloined the office and that I was trying to take it away with me."

"Kindly cable me to Queensstown. I shall be back early in July under ordinary circumstances."

"Sincerely,"

"W. R. HEARST."

AIRSHIP VICTIM  
GETTING BETTER

J. V. Rodgers, Hurt in Berkeley Explosion, Removed to His Home and Will Recover.

BERKELEY, May 29 — J. V. Rodgers, one of the engineers on the ill-fated Morrell airship, was this morning removed from the Roosevelt hospital to his home at 1900, Hopkins street, Dimond, beyond East Oakland. Rodgers has been recovering rapidly the past two days and the injuries which the doctors at first believed would be fatal have turned out to be comparatively slight. The man had a sturdy constitution and will probably be as well as ever within a month.

All of the other injured men are doing well. Morrell himself has thus far refused to see anybody and the hospital officials are guarding him from process servers.

The wreck of the ship has been attached by Alexander Otts to satisfy a claim of \$8300 on orders from a San Francisco court, and everything in the way of value is tied up.

It is the opinion of Phil Goodfriend, the only uninjured man in the crew of the airship, living in Berkeley, that Alexander Otts, vice-president of the airship company and head of the collection agency of San Francisco bearing his name, has had the property attached to protect the person who held a mortgage on the balloon before it had its disastrous initial attempt last Saturday.

Miss Kearns is said to be the woman who provided money for the enterprise and mortgages the balloon for the money loaned. Otts is said to be working in her behalf.

Goodfriend stated that although the men of the crew had not been paid for their services there was little likelihood that they would begin suits to recover or serve attachments.

CITY WILL DO THE  
SPRINKLING OF STREETS

Municipality to Purchase Carts for the Purpose of Watering Public Thoroughfares.

The city is to go into the street sprinkling business and have its own carts, instead of engaging others to spray the streets. Last night the auditing and finance committee of the City Council recommended that 20 new water carts be purchased, at a cost of about \$8,000. The equipping of these carts will cost about \$10,000.

It is the desire of the Board of Public Works to secure these carts as soon as possible, so that they can be used the coming summer.

The committee recommended that \$2000 be appropriated out of next year's funds for the purpose of cleaning the main lake sewer, from Lake Merritt westerly. An additional \$400 appropriation for the reconstruction of the concrete culvert over Temescal creek at Shafter avenue was recommended.

AGREEMENT REACHED  
ON SIDEWALK DOORS

Proposed Ordinance Will Be Modified in Deference to Needs of Business Men.

An amicable settlement of the provisions of the proposed ordinance which would regulate the opening of doors in the sidewalks in the business section of the city was arranged last night at a meeting of the ordinance and judiciary committee of the City Council. After a brief consideration of the proposed measure the committee recommended that the contemplated ordinance provide that the doors in question be kept open only when goods are being received or sent out.

When the proposed ordinance was introduced into the committee it provided that the doors be allowed to be kept open only two hours at a time. After addresses made by Wilber Walker of the Merchants' Exchange and Attorney George W. Reed, on behalf of several merchants, the proposed measure was amended to provide that doors may be kept open as long as goods are being received and discharged.

Merchant Gives Reasons.

Wilber Walker said in part: "If adopted and enforced such an ordinance would put certain merchants out of business. Many of the buildings are old and the freight elevators are in the sidewalk and not inside. The tenants have five and ten-year leases and do not wish to stand the expense of remodeling their premises and put the elevators on the interior."

"There are no alleys in Oakland and all goods must be handled through the front of the stores. I am sure the merchants do not desire to abuse the privilege of using the sidewalks. I do not think the Council is going to harass these merchants."

George W. Reed declared that if the proposed ordinance should be passed many merchants would be forced out of business. He asked that an amendment be made so that the measure would not be harsh on the merchants. Such action was recommended to the Council by the committee.

The news, however, was told among the closest friends of the fascinating bride-elect, and yesterday a score of engagement cups arrived at the home of Miss Critcher with the felicitations of many friends.

Miss Critcher is the only daughter of Mrs. Enriqueta Critcher of San Francisco and belongs to one of the oldest families in the State. # Lard Eaters Should Stop and Think!

There must be something in all this Pure Food Talk. We hear the term "Pure Food" on every hand—Pure Food Shows, Pure Food Laws and Pure Food agitation of all kinds. It simply means that people are awakening to the fact that they cannot be too careful about the purity of their food and the ingredients which enter into its making.

One of the most fruitful sources of indigestion in the past has been the use of lard. Nine times out of ten, the lard which you buy is not fit for any human stomach. Its source is suggestive of uncleanness and unhealthfulness. It makes greasy, indigestible food, and food which is bound eventually to interfere with digestion.

## Women Between 'Cattists' and 'Birdists' Start a War

CHICAGO, May 23.—A large number of Chicagoans, mostly women Chicagoans, were divided yesterday into two hostile camps, the "cattists" and the "birdists," by an offer of a bonus for dead cats which was made by Rockwell Sayre. Besides these two belligerent hosts the story brought out a third class who endeavored to maintain a graceful and impartial position on the top of the picket fence which separates the opposing forces.

Sayre vigorously denounced cats as "miscreants, treacherous, unclean beasts, on a par with snakes, alligators, or toads," and proposed their destruction along with "other vermin."

Sayre was in turn called "silly," "foolish," "ignorant," "cruel" and almost everything else that a woman could say to a reporter. His remarks were characterized as "bosh."

### So Silly, She Says.

"It is so silly that I hate to dignify it by answering it," said Mrs. Clinton Locke, former head of the Beraford Cat Club, who calls herself "the friend of the cats." "All this talk about cats sucking children's breath and carrying disease is nonsense. The city is infested with rats that bite babies and carry disease, and the cats that kill these rats are a blessing to the community. I have had cats in my home all my life and have handled hundreds of them and I never knew a human being to catch a disease from a cat. Cats are naturally healthy; they are not susceptible to disease."

"As to cats killing birds, of course they do when they can, for birds are their natural prey, but most of the birds they kill ought to be killed. They kill the sparrows that the State offers a bounty for. I love the birds, too, but I don't think that the cats catch many song birds. The birds are just as smart as the cats."

"But, anyhow, even if some cats should be killed, it is wicked to offer a bounty for them so that little boys will be induced to kill them brutally for a few pennies."

"It is a slander to complain that cats make a noise at night. There are a lot of cats in this neighborhood, but they never disturb anyone. They don't make a fraction of the noise that the sparrows do."

### Mrs. Snow Emphatic.

Mrs. Charles G. Snow, who is an officer of the Beraford Cat Club and also of the Anti-Cruelty society, was equally emphatic.

"Why, the man doesn't know what he is talking about," she said. "What he says is all bosh. There is nothing in it."

Mrs. Emily B. Keen, who has charge of the hospital and refuge for stray cats and dogs at 170 Forty-third street, was indignant.

"It is a matter for action, not for speech," she said. "I have reported it to the humane society and I hope some action can be taken. There may be some objectionable cats, but that offer doubtless will result in the killing of many pet cats of great value which are absolutely harmless. Cats should be licensed and protected as are dogs, and stray cats should be taken care of and placed in homes, or, if necessary, painlessly destroyed. That offer places a premium on the stoning of cats and will result in the maiming and mutilation of many of them."

## Get Tombstone For Wedding Present

Surely the most curious present ever given to anybody was that made to an elderly Welsh couple in Kentucky. John Williams and his wife celebrated their golden wedding, and among the presents received was a tombstone with their names beautifully engraved on it.

## It's Tight and Clinging Is This New Directoire Gown From Gay Paris

### THE NEW AND SHOCKING GOWN

The first of the much-talked-of directoire gowns, which the ultra-fashionable predict will soon be the rage in fashion, is being worn by Miss Bertha Carlisle, a member of the Joe Weber Company now playing in Chicago. Of "London Smoke" Cloth.

The costume, which is said to have been imported from Paris, is of "London smoke" French cloth. It has a close fit-

ting skirt, and is slashed on the right side, slightly above the knee, exposing blue satin trousers, which also are tight-fitting. The whole effect is extremely light, form clinging, and a blue cravat. The trimming is blue with a lace jabot and lace cuffs. The buttons throughout are trimmed blue agate and gold, with double loops. A set of blue satin buttons runs down the side of the skirt, which is cut full directoire, heavily embroidered and walking style. Under these is seen a pair of black pat-

ent leather French heel shoes of gaffer effect. All is surmounted with a full directoire hat of blue, with buckle of brilliants, and a large bunch of ostrich plumes of a darker shade of blue. Blue gloves, short length, and a blue cravat complete the effect.

Gown Ordered in Paris.

Miss Carlisle says she ordered the gown while she was visiting her mother in Paris. It was brought across the water by a friend of Miss Carlisle.

## Chosen as the Head

CHICAGO.—The Royal Neighbors of America have closed their convention at the Auditorium Hotel and the delegates have hastened to their homes for much needed rest. It was the warmest gathering the organization ever held, and many women broke down in the closing hours of the convention and required medical services. At the annual election the "ring ticket," made up of those in power, was defeated all along the line except in one or two minor offices. Mrs. Lina M. Collins of St. Paul, Minn., who headed the successful "representative delegation" ticket, received 123 votes for supreme orator.

while her opponent, Mary Fay Haves of Rock Island, Ill., got 94. Miss Myrtle E. Dale of Rock Island defeated Mrs. Winnie Fielder of Peoria.

MRS. LINA M. COLLINS.

## Of the Royal Neighbors

for the position of supreme recorder by a vote of 132 to 89. Mrs. Jessie Mitchell of Iona, Mich., elected supreme recorder, got 113 votes, and Mrs. Eunice Wilbur of Omaha got 165. Mrs. Eudora Hard of Naugatuck, Conn., defeated Mrs. Rose Dawson of Portland, Ore., for chancellor, 121 to 90. The headquarters of the organization were changed to Rock Island. They had been at Peoria for thirteen years. The order of Royal Neighbors is the largest organized body of women governed exclusively by women in the world, representing more than 200,000 members.

## Wife Flirts With Spook DIVORCES OBTAINED BY MANY FREAK DEVICES

Never, surely, was stranger reason for a divorce than that lately advanced by a Mrs. Richards, who, in the Chicago courts, applied for a decree against her husband, who is secretary of a local football club, on the ground that his club lost too many matches during the season. The husband did not oppose his wife's petition, as only when his team won was his home at all endurable.

Persecution by phonograph is a novel reason for demanding a separation. Deonise Mr. Hollums of Newark, U. S. A., spoke an impassioned address to a young lady into a phonograph which he rightly placed outside his wife's door, he was haled before a judge. Both he and the lady who was the chief cause of the trouble declared that Mrs. Hollums was the subject of hallucination; but these statements were successfully traversed by the injured wife, who, having secured the phonograph, produced it in court.

### Loved Too Much.

"Ever since I loved me too well to make life with him endurable, I expected my husband to be a strong oak on which I might lean. I did not want a man to give me my way in everything," said Mrs. Elvander L. Craig of St. Louis, who last year sued her husband for divorce in the Missouri court because he was too affectionate. To which complaint her husband made answer: "My treatment of my wife is not that to which she was accustomed at her own home. When we were married she thought her life heavenly; now she says she wants for a man who will boss her plenty and make her stand around. About this oak tree business, I believe that if a branch of some sturdy tree had been properly administered where it would do most good from time to time I could have proved myself more worthy of the title of model husband."

On very similar grounds Mrs. Byrning lately obtained a divorce at Denver from her husband, a traveling passenger agent on the Northern Pacific Railway. "He has no strength of mind," she averred, "and grants all my requests without a question. There is no satisfaction in such a humdrum existence."

### Spooks Haunt Honeys.

Ghosts have played important parts in the divorce courts. Mrs. Anna Rivers' life was rendered unbearable by the spook of her husband's first partner, which haunted the house and made matters generally unpleasant, smashing the furniture and playing other outrageous pranks in approved poltergeist fashion. At last, rendered desperate, she sought relief in the divorce court. So, too, did a Mr. Bates, when he charged his wife with carrying on a perverted flirtation with the spirit of Mr. Florence, the celebrated actor, whom she had promised to marry at her death.

"It is not unlawful for women to attract mankind with devices and attachments used to improve the work of Nature. Otherwise why should not false hair and other falsities peculiar to females be made a ground for divorce?" Thus spoke Judge Davis, when dismissing the petition for divorce brought by Charles Kraus against his wife, on the ground that she had concealed the imperfections of a glass eye and a false leg until after they had been married.

## School Girls Who Wanted to See Fist Fight Foiled By Teacher In Coal Bin

NEW YORK, May 27.—Such a terrible scandal is there in down Jamaica way! Sh! Just when the sweet girl graduates of Jamaica High School were about to realize their ambition by witnessing a prize fight yesterday afternoon in the cellar of the school out popped Principal Jennings from the coal bin and stopped the contest.

The girls were shocked upstairs by their horrified physical culture teacher and the boys who participated in the "higher education" exercises were scolded and threatened with expulsion. One of the participants was suspended temporarily, the other one, according to the class, turning state's evidence and giving the whole snap away when he was seized with shivering at the feet. The trouble which culminated in the near fist fight was caused by a girl, and a pretty one, too.

The Euphonia Musical Club, a school organization, gave a concert Thursday night. Harold Gullik, a member of the graduating class, brought his best girl to the show and after seating her and placing his hat on the chair next to her turned to and helped seat the rest of the guests. George Fennebreque, another usher graduate and son of a French teacher in the school, told Harold to take his seat beside the young woman or leaving number of the next arrival. Harold paid no heed to the warning and when George removed Harold's hat from the chair

and seated a spectator Harold uncorrected a few torrid remarks. "For two cents I'd make you inhale those words," George is reported to have said.

Other members of the class heard this threat, and not wishing to be deprived of an athletic display, hustled around to raise the purse which George stipulated was the lowest amount for which he'd consent to make a few alterations in Harold's expression. After a great deal of difficulty the two cents was secured, and it was arranged that the fight should be pulled off in the school cellar. When the girls of the class heard about it there was a rush to reserve the knot holes and cracks in the partition which separated them from the battle ground.

Girls and boys from some of the best families in the town were in the cellar at the appointed hour, and lunch money was being wagered on the result in a reckless manner when Principal Jennings, who had been tipped off, jumped out of the coal bin where he had been in hiding and placed all hands under arrest. A rush was made for the doors, but every exit was guarded by the teacher. Principal Jennings used the rising inflection extensively for the next few minutes, and if he keeps his word many of the fond papas in Jamaica will hear from him.

Some of the students are mean enough to say that George's spoked began to frappe at the last minute, and that he told his father, who told Principal Jennings, who told the grade a few things.

## Women Shylocks Arouse Indignation in London By the Method Squeeze Victims in Which They

London.—County Court judges of England have for some time past deplored the ever-increasing number of women money-lenders who are springing up on all sides; but only those acquainted with life in poor neighborhoods realize how great this evil is growing, and how much poverty increased by these female extortioners.

In the first place, their calling is absolutely illegal; they contribute nothing to the revenue in the way of a license, while no law would tolerate for an instant the abominably high rate of interest which they squeeze from their victims.

Take, for instance, Mrs. R., who lives in a small street not far from Wapping, and whose methods the writer has had ample opportunity of studying. Any Saturday morning may be seen a small group of people waiting outside her door. They are flower-hawkers come to borrow "stock money." Five shillings, for which they pay 2d. in the shilling, is the average amount in request. This appears not an unjust rate of interest, but matters do not end here. At the end of the week the borrower perhaps is only able to pay back 1s. and 10d., the interest. Next week he or she pays back another 1s. and once again 10d., the interest; in short, the whole time and part of the money remains unpaid, so long must the full rate of interest be paid. It will thus be seen that a borrower paying back at the rate of 1s. a week can pay as much as 4s. 2d. for the use of 5s., or very nearly 100 per cent.

### IRREVOCABLY LOST

A sorrow youth sat by a maid on the shore  
She distraite as a maiden can be,  
For the young man in question was plainly a bore.  
And his talk was entirely of Me.

He spoke of his virtues, his habits, and then  
Detailed of his daily employ;  
She said not a word, so he started again,  
On what caused him most grief or most joy.

"Tis much to my credit, I fancy, is this,"  
He concluded: "Perchance you don't know  
That to business simply and purely, dear Miss,  
I gave up my mind long ago."

Then she stifled a yawn, and prepared to depart,  
But gave vent to a verbal attack,  
As she uttered these words, with an accent quite tart:  
'How sad, and you ne'er got it back.'

# What Was the Mystery Which Was So Nearly Suppressed in Girl's Death?

## THOUGHT TO BE BANK THIEVES

Two Men Taken Into Custody on Suspicion Make Effort to Shoot Arresting Policemen.

After an attempt to shoot down the policemen who took them into custody, S. A. Waller and James Keenan, believed at police headquarters to be Eastern bank thieves, were captured at Twenty-third avenue and East McHenry street late yesterday afternoon and are now in close confinement in the city prison pending an investigation of their past records.

The men were seen acting suspiciously in the neighborhood of the Twenty-third Avenue Bank. Upon being searched at the city prison, Keenan was relieved of a loaded revolver and a short piece of candle such as is carried by thieves while Waller had a similar candle, a bunch of skeleton keys and a large knife. Both men have so far refused to make any statement in connection with their arrest. Keenan was in the police court this morning on a charge of carrying a concealed weapon but his case went over until June 1 for a hearing. Following in Carroll and Special Policeman King saw the men in front of the bank acting suspiciously. They were watched for some time and finally, the policeman concluding that they were not in the neighborhood for any good purpose, approached them. As they were told that they were under arrest on suspicion, Keenan and Waller were taken to the office of Captain Petersen and later locked up in the tanks at the city prison. Today a search is being made of criminal records in an effort to find descriptions which will fit those of the suspects.

## 'BURGLAR IS DEGENERATE,' DECLARES JUDGE OGDEN

Statement Made of Crime Unit for Publication.

Superior Judge Ogden, when asked this morning by a TRIBUNE reporter as to why David Wythe, alias W. W. Conley, E. Wythe's stylish burglar, had submitted a statement to him in regard to his case, the judge stated that he had, but that the communication is unfit for publication.

The statement shows that the man is a degenerate," said the court, "and I do not think that it should be given out. It implicates several prominent persons, whose names are not given, but who are mentioned by inference."

Last Monday Wythe, who is an ex-convict, pleaded guilty to a charge of burglary, having entered the room of Francis Brewster, in a fashionable apartment house in Berkeley, and stolen considerable jewelry. Wythe told the court, after entering his plea, that he would submit a statement to the judge in regard to the case. He declared that he would write out the statement, as he desired to keep the matter away from the newspapers. Wythe will come up for sentence next Monday. He says that he will produce witnesses who will testify in extenuation of his crime. Wythe was at one time secretary for Evangelist B. Fay Mills.

## MURDER SUSPECTED

Authorities Investigating the Death of Miss Vanderbilt

Had Appointment With a Man Will Have Body Exhumed for a Proper Autopsy.

PRINCETON, N. J., May 29.—Development of the past few days have led Special Prosecutor George Berdine to suspect that the death of Miss Bertha Vanderbilt, assistant librarian of the Princeton University Library, was not the result of an accident, and Mr. Berdine has begun an investigation.

Miss Vanderbilt was the daughter of a jeweler of Amsterdam, N. Y., and her body was taken to that city for burial.

### Acted Too Hastily.

Mr. Berdine is said to be of the opinion that the county physician and coroner, who allowed the body to be buried, acted too hastily, and made demand that it be exhumed for an autopsy to determine the cause of Miss Vanderbilt's death. It is probable that Mr. Berdine will ask for an order of the Supreme Court, permitting an autopsy. Detective Frank Hoffman has been assigned to investigate the case for the prosecution, beginning at the point where the coroner's inquiry ended.

### Last Seen Alive.

Miss Vanderbilt was last seen alive on May 13, and her body was found five days later in the Raritan canal, some distance from Princeton village. There were bruises on the face and head, but it was believed that they resulted from hitting her head in the water. No autopsy was held and the father of the young woman, who came from Amsterdam, was quoted as saying that he was satisfied that the girl's death was accidental.

### Man in the Case.

Just what has prompted Mr. Berdine to re-open the case after the other authorities have convinced themselves that there were no grounds for suspicion has not been made known. It is said, however, that Miss Vanderbilt's conduct on the afternoon of her death indicated that she had an appointment with someone in the vicinity of the place where her body was found, and in addition to this, there is nothing to explain how her body got into the canal.

## LAW AND ORDER LEAGUE FORMED

S. F. Association Holds First Session With Great Secrecy.

SAN FRANCISCO, May 29.—There has been a new organization formed in this city, and it is to be known as the Law and Order League. In fact, some people say that the organization has been in existence for some time, and that it has been holding meetings in the headquarters of the Good Government League. So far, however, as people who are well informed on the matter are concerned, the first meeting of the new organization was that which was held last night. The gathering took place in the rooms of the Good Government League in the Kamm building, near the intersection of Third and Market streets.

It is said that at the present time there are only fifty members, but that each of these has guaranteed to bring in fifty more.

There was a great deal of hesitancy on the part of the men who are supposed to belong to the organization in entering the place of meeting last night as if it was their desire to conceal from the public the fact that they were connected with the institution. Several of them, when they saw that there were people standing around the hallway and later blocked their steps when they thought they had eluded observation.

### Proceedings Secret.

The president of the Law and Order League is Rev. Charles N. Lathrop, formerly a resident of Oakland. Before the meeting was held, the members of the league were informed that the proceedings would be held in secret, and that the members would be expected to keep the matter secret. When the press was allowed to enter the place, they were told that there was nothing to communicate to the newspapers. The persons who it is known attended the meeting, besides Lathrop, were Rev. R. R. Baker, pastor of the First Baptist Church, George W. Renner, Frank J. Sullivan, Frank W. Gale, Bruce Porter and Warren Olney Jr.

The officers of the society are: Joseph De Roco, president; Mrs. J. N. McKenzie, treasurer; P. R. Albrecht, secretary; Aug. Selberlich, librarian; J. L. Wheeler, manager, and Miss Gladys Powell, pianist.

## KNIGHT WILL SECOND TAFT'S NOMINATION

SAN FRANCISCO, May 29.—George A. Knight is becoming renowned as a second order of nominations of successful candidates in national Republican conventions. He has now been invited by wire, in the coming national Republican convention, which is to be held in Chicago, to endorse the name of William H. Taft as a candidate for President of the United States. In the last three conventions of this kind Mr. Knight has covered himself with glory as an orator and, at the same time has directed the attention of the people of the country to the speakers of this State, in such a manner that it is now customary for delegates from other sections to inquire when California is to be heard from.

## STILL SEEK DEATH OF RICH MISSING MONEY

San Francisco Officials Have Not Yet Traced the \$37,570 Alleged Shortage in the Treasurer's Office.

(SPECIAL TO THE TRIBUNE.) SAN FRANCISCO, May 29.—John J. Greif, deputy city and county treasurer, and one time county clerk of this city, did not appear before the finance committee of the board of supervisors to give his testimony in connection with the disappearance of \$37,570 79, taxes, paid by the United Railroads in November, 1903. Greif was preemptorily summoned to appear on Tuesday night, and has been attending the convention of the Native Sons. His continued absence has given rise to a great deal of annoyance.

They point out that he should have repaired instantly to this city and been anxious to give his testimony to aid in clearing up the entanglement. Greif is needed.

In November, 1903, A. B. Mahoney was county clerk and Greif his chief deputy. Mahoney says he gave the missing check to Greif and yet Treasurer McDougall swears he never received it. This places almost the entire responsibility for the transaction on the shoulders of Greif, and it is not unlikely that if he fails to appear before the finance committee within the next twenty-four hours that a more peremptory summons may insure his presence. Meantime the entire investigation is at a standstill and no report can be made until the all important testimony of Greif is secured.

Collector Hurt in Collision.—Jake Rauer was thrown from his buggy and painfully injured yesterday noon at Twelfth and Market streets by collision with a Halstead street car. He was driven to his home at 1148 Ellis street. Rauer was riding in a covered buggy, failed to hear the warning bell of outboard car 1712 of the Haight-street line and drove across the track. Motorman Robert C. Lee applied the brakes but was unable to prevent a collision.

## MAN A MYSTERY

Wealthy Merchant of Boston Dies Under Suspicious Conditions

NEW YORK, May 29.—An investigation was begun today into the circumstances surrounding the mysterious death of Charles H. Holmes, a wealthy Boston leather merchant, last night. Mr. Holmes died in the lobby of the Hoffman house, of which he had been a guest, immediately after his return there in a tax cab from a visit to a house on West Forty-seventh street. He had been taken suddenly ill during his visit and was hurried back to the hotel before a physician was summoned.

Woman Arrested. After his death the police took into custody Hugh Fitzsimmons, the driver of the taxicab, Mrs. Clara Moore, in whose apartment Mr. Holmes was staying, Josephine Wells, Mrs. Moore's maid, and Frederick Morehead, elevator man in the apartment house in which Mrs. Moore lived. Morehead and Miss Wells assisted Holmes to the cab which had been called to take him to the hotel.

Clutching at Heart. Two detectives were standing at the entrance of the Hoffman house last night, when a cab dashed up and a gruy-haired man was helped out and half-carried, half-dragged to the lobby of the hotel. He was gasping for breath and clutching at his heart as he was taken from the cab. He died a moment afterward in the hotel lobby after he had been recognized by the employees of the hotel. The cabman, who had been detained by the detectives, was taken into custody and accompanied the detectives to the Forti-seventh street house, where Mrs. Moore and the maid and elevator man were found. Holmes' body was given into the custody of the coroner.

On Business Trip. Holmes had been at the hotel since Wednesday. He made the hotel his headquarters on monthly business trips to New York for many years. He was 65 years old.

In his pocket when the coroner took possession of his belongings was found a small Bible well thumbed. Besides there was a gold watch and chain, a lot of business papers and \$24.70 in cash.

Subject to Heart Trouble. BOSTON, May 29.—The relatives of Charles S. Holmes, the lost leather merchant, who suddenly died in the Hoffman house last night stated that every effort would be made to determine the cause of death, although they stated that Mr. Holmes had several attacks of heart failure during the past few years. Mr. Holmes was expected to return today.

Widow Nearly Prostrated. Mrs. Holmes, the widow, has been in ill health for some time, and today was nearly prostrated by the news of the death of her husband. Mr. Holmes had been engaged in the leather business in this city for many years, and had served on boards of directors for several local banks as well as the savings bank in Malden, in which city he made his home.

## THE YOUNG MOTHER

OFTEN NEEDS A TONIC TO BRING BACK HER STRENGTH.

Dr. Williams' Pink Pills Are Just the Remedy Because They Are Effective and Cannot Harm Even the Most Delicate Constitution.

The young mother who finds that her health and strength does not return after confinement needs a tonic. After the nurse has gone and the doctor has stopped his visits a weakness often continues which unites her for her household duties and it is then that tonic treatment is needed. But great care must be used in the selection of a strengthening medicine, especially if the mother is nursing the child. Dr. Williams' Pink Pills, which contain no opiate or other harmful drugs, are just suited to the mother's needs.

Mrs. Ethel K. Foster, of 1393 South Sheffield avenue, Indianapolis, Ind., bears witness to this when she says:

"After the birth of my two children I became in a terrible run-down condition and was weak and sick for about a year and a half. I was always up and around but would have to lie down many times during the day. I couldn't do much work for I would get so weak and tremble so that I would have to lie down. I suffered constantly with headache, which were in front and on top of my head. There was a feeling on top of my head as though a weight was coming down on it. I would get so dizzy that I couldn't turn around quickly. If I did I would fall down. My heart was weak and I would get out of breath after any little exertion. Many times I would start out for a walk to get a little exercise but was so weak I could go only a little ways. I lost in flesh until I weighed about 30 pounds. I was pale and yellow, my lips had no color and my eyes were sunken in my head. I looked like a dead woman.

"I was under two doctors' care for about nine months. While they kept encouraging me, I grew no better and was completely discouraged. I was told to try Dr. Williams' Pink Pills and after I had taken them a while I felt so much better that I gave them a good trial and was cured. My complexion is healthy and I weigh about 25 pounds, which was my weight before being sick."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

## BABY SEQUOIA IN YOSEMITE IS PLANTED

Native Sons of the Golden West Close Session of Grand Parlor With Election and Barbecue.

YOSEMITE, May 29.—The closing scenes of the Grand Parlor of the Native Sons of the Golden West were enlivened by several election contests.

For the office of grand marshal Louis Erb had 113 votes, C. G. Brown 110, and R. D. Barton 81. R. G. Lawson was elected outside sentinel by 146 votes, as against 79 for Frank McAllister. The vote of 304 cast for C. E. Jarvis was the largest received by any candidate for grand trustee.

The new grand president reappointed H. G. W. Dinkelspiel as grand organizer.

New Grand Officers.

The complete list of officers selected follows: Grand president, Charles M. Belshaw; grand first vice-president, Joseph R. Knowland; grand second vice-president, Daniel A. Ryan; grand third vice-president, Herman G. Lichterberger; grand secretary, Charles H. Turner; grand treasurer, John E. McDougall; grand marshal, Louis Erb; grand inside sentinel, J. E. Fitzgerald; grand outside sentinel, R. G. Lawson; grand trustees, C. E. Jarvis, G. A. Burns, W. D. Hynes, E. F. Garrison, F. A. Cutler, J. J. Griffin and L. Abrogast.

There was a presentation of a set of silk flags to the Yosemite Valley school, the idea of the gift being ascribed to Judge Carroll Cook. The school has a number of Indian children as pupils.

Sapling of Sequoia Planted.

A sapling of the sequoia gigantea was planted in the middle of the green plot in front of the pavilion and postoffice. Galen Clark, the patriarch of the valley and discoverer of the Mariposa big trees, said to East Grand President Dinkelspiel: "I have the honor," he said, "to present to you a young tree of the sequoia gigantea, to be planted in this spot as a memorial to the Native Sons' order. It is itself a native son. Its ancestors were in the Arctic regions, and the glacial transformation of the earth brought its parents here to remain in beautiful California."

The young tree in turn was handed to Grand President Belshaw, and was duly planted.

Speeches at Barbecue.

At the barbecue in the afternoon Grand President Belshaw opened the festivities with an address. Judge Thomas J. Lennon spoke of "Our Order," and Congressman Joseph R. Knowland aroused enthusiasm by his declaration that he would endeavor to secure appropriate recognition for Yosemite. This response was to the toast "Our Country."

Daniel A. Ryan responded to the toast "The Golden Gate." Lieutenant-Governor Warren R. Porter spoke on "Our Capitol," Fred Grady on "The Pioneers," Charles McLaughlin responded to the toast "The Forty-Niners"; Lewis F. Byington spoke on "Our Absent Brothers."

Tribute to W. R. Hearst.

Toastmaster McNoble said: "A distinguished son of California, a member of this order, and a duly elected delegate to this Grand Parlor from Sea Point Parlor No. 153, has been assigned the toast 'Our Fraternity.' He is not present when the interests of our State are being considered. No matter how some of us may differ with him in politics, no one present at this annual session of our beloved California's order will disagree with me when I say, as a member of our order he is always in touch with its growth and promotion and ever ready to help us in the hour of need."

Keep the Fleet Here.

A resolution was adopted asking Congress to appropriate \$200,000 for roads, trails and improvements in Yosemite Valley.

The resolution introduced by H. G. W. Dinkelspiel, urging President Roosevelt to keep the Atlantic fleet, or part of it, in Pacific waters, was adopted.

## BURGLARS FAIL TO FIND MONEY

Overlook \$150 in Sack, but Treat Themselves to Caffe Liqueurs.

(Special to The Tribune.)

SAN FRANCISCO, May 29.—Burglars gained entrance to the Humboldt Cafe, 345 Montgomery street, by crawling through a small aperture in the sidewalk and dropping down the elevator shaft, smashed the cash register and took \$150, all the money it contained. The intruders treated themselves to several bottles of liquor, but entirely overlooked a sack of coin, containing \$150, which had been placed in the desk of C. D. Williams, one of the proprietors.

The robbery was discovered by a policeman who found the door open this morning. The robbers had evidently used this means of exit.

## GILLET SAVES FINLEY FROM GALLOWS TODAY

Two Weeks' Reprieve Granted to Await Court Decision.

SAN FRANCISCO, May 29.—W. H. Finley of Humboldt, who was to have been hanged today on a conviction of assault with a deadly weapon at the time of the Folson jail break, was granted a reprieve of two weeks by Governor Gillet.

Finley's attorneys, S. G. Ringolsky and S. T. Bush, filed a petition with Chief Justice Beatty for a writ of error to the Supreme Court of the United States, making the contention that Finley was convicted upon an unconstitutional statute. The petition is now under consideration.

## BEARS FORCE DOWN MAY WHEAT 2 CENTS A BUSHEL

Bull Campaign Led by J. A. Patton Results in Heavy Loss.

CHICAGO, May 29.—The bears in the grain pits on the Board of Trade today scored a decisive victory in the early trading and forced down prices on the May delivery of wheat, corn and oats 2 to 2½ cents per bushel. The greatest loss was recorded in May corn, the bull campaign which has been led by James A. Patton. The price of that grain broke from 82½¢, the opening quotation, to 77½¢ within the first hour.

May oats was a close second and dropped from 55-58 to 51½¢. May wheat declined from 109¼ to 107 in the same span of time.

Trading was light in the May deliveries of all the grains and prices declined from half to 3-4 cent at a jump.

Over \$300,000 has been spent in the preparation of Broadmoor. It is without doubt a wonderful achievement from a real estate standpoint. The opening of this tract tomorrow is exciting a great amount of interest.

## HE 75 SHE 70, APPLY FOR LICENSE TO WED

LOS ANGELES, May 29.—Never married before, Russell D. Newton, 75, and Annie C. Bradbury, 70, applied for and got a license to wed in Los Angeles recently. It was love at first sight, they told the deputy county clerk. They met at Opland six months ago and said their only regret was that they had not met something like 60 years earlier.

"The minute we met we decided that we should finish our life's journey together. Isn't that right, Annie?" remarked Newton.

"You are right, Russell. It was love at first sight," she replied with a beaming smile.

With two exceptions this is the oldest couple that has been granted a marriage license since the installation of the system in 1882.

## JURY SYSTEM GETS BLOW IN PHILIPPINES

MANILA, May 29.—The Philippine Commission has rejected the Assembly bill creating a jury system. The commission has passed the public works bill appropriating three million pesos. One half of this sum goes for the construction of roads. Half a million will be expended in starting a system of irrigation works; with the balance, provision is made to start the construction of a capitol building at Manila, improve the harbor at Iloilo and build a custom house at Cebu.

MRS. J. J. LEMRI now at 612 Second street, Oakland, is now prepared to fill orders for steam carpet cleaning, renovating, etc. Most reasonable charges. No longer in steam carpet business at 400 Clay street. Phone 304 or Home 4511.

## Final advice to those who go to the opening of Broadmoor tomorrow—

Don't crowd!

Take it easy—there will be plenty of lots for everybody and we'll give everybody a fair chance.

Don't bring too much coin with you—Twenty or thirty dollars will be enough to bind any deal for 3 or 4 days.

Sandwiches, lemonade and coffee will be served with our compliments—If you bring the wife and kiddies you'd better bring something extra because the fresh country air at Broadmoor will give them a record-breaker of an appetite.

Maps, folders and complete information may be had at the offices on the tract.

## HURLED ON BARBED WIRE

**Chauffeur Badly Cut in Sharp  
Points of Fence When He  
Loses Control of His  
Machine.**

SAN FRANCISCO, May 28.—While driving along the new Colma road at a rapid rate of speed at 4:30 this morning Joe Smith, a local produce merchant, took a sharp turn to the right, lost control of his machine and dashed into a barbed wire fence. His face and hands were badly torn by contact with the jagged points of the wire and all of his tires punctured. He was taken in another machine to the central emergency hospital, where Steward O'Dean dressed his wounds, after which he was able to be taken to his home at the Gashweller apartments, Jones and Ellis streets.

## AWAITS PENSION FROM THE SOUTH

**Mrs. M. J. Chambers, Mother of  
Halpruner's Victim, in  
Chabot Home.**

Mrs. Matilda J. Chambers, mother of William Henry Chambers, who was shot by Dr. W. S. Halpruner of Melrose, because of his affiliations with Mrs. Halpruner, is still at the Chabot home, 66 Sixth street, awaiting a pension from a Southern society. Her husband, the late Major John H. Chambers, was a member of the Army of the Confederacy.

Mrs. Chambers was born and reared in the South and is endeavoring to uphold her native pride by refusing to ask aid.

In an interview this morning, Mrs. Chambers said:

"I have not received any pension nor assistance of any kind from any one. My only means of support is derived from the sale of duplicate pictures made from negatives which were made by my son. I also do a little sewing. I believe I will soon receive some money from my daughter."

## NEW TRUST AND SAVINGS BANK FOR OAKLAND

The bank commissioners of this State have granted a license to the First Trust and Savings Bank of Oakland. This gives the organization permission to do business in this city. There is an authorized capital stock of \$300,000. All of this amount has been subscribed and \$150,000 has been paid into the bank, and is now in the possession of the First National Bank of this city. The new concern will commence business on the 1st of June of this year. The directors are as follows: President, P. E. Bowles; secretary and cashier, O. D. Jacoby; E. W. Runyon, L. G. Burpee, E. A. Heron, A. L. Stone, W. H. Taylor, H. C. Morris, Wallace Everson and L. C. Morhouse.

The capital stock of the new candidate for public favor is owned by the same gentlemen who have for years been connected with the First National Bank of this city. The bank will confine itself to the handling of savings and attending to matters of trust. All commercial deals will be attended to by the First National Bank. The executive head of the institution will be P. E. Bowles, who is not only president of the First National Bank of this city but also of the American National Bank of San Francisco.

## Jumpy Glasses

The now out-of-date bifocal was made by pasting one piece of glass to the foot of another.

Wearers often complained that letters seemed to jump and become indistinct as the eyes crossed the visible ridge that divided the upper or distant portion of the glass from the lower reading part.

You do not hear this complaint from wearers of the KRYPTOK, for the Kryptok has no pieces pasted on, no visible ridges, nothing to irritate the eyes as they pass from the upper to the lower part of the lens.

Distance and reading vision are good in the one pair of glasses, no matter how old you may be.

## WHAT IT TAKES TO PUT A RHINOCEROS TO SLEEP

NEW YORK, May 28.—Fifteen New York veterinarians have discovered that the dose of anesthetics required to put a rhinoceros to sleep is a pound and three-quarters of chloroform and half a pound of ether. This accession of veterinarian science was made during an operation to remove cataracts in the eyes of Mogul, the Indian rhinoceros in the Bronx Zoo. Mogul, after succumbing to more than half a gallon of anesthetic, remained under its influence for an hour and at the end of that time began to crunch hay as though nothing had happened.

Through a blow on the head in his native jungle, Mogul nearly lost the sight of both eyes, and the operation was agreed upon after careful examination.

## Paid in Dividends On California Oil Stocks Last year

There is more money going to be made in oil during the next year than in any other California industry. Do you want some of these dividends?

Of all the oil sections in California, Santa Maria is the best producing district of high-grade oil in California.

The Palmer Oil Company, controlled by such men as Chas. E. Ladd, of Ladd & Tilton, bankers of Portland, Oregon; Gustav Bauman, of the Holland House, New York City; Brown, Wilson Company, of San Francisco, and prominent local bankers and business men, owns 880 acres of proven oil land in the Santa Maria district.

The Palmer Oil Company has two producing wells pumping 800 barrels a day. It also has a contract with the Associated Oil Company for 2,000,000 barrels of oil at 50c a barrel.

The Palmer Oil Company is a legitimate, sound, safe enterprise, and as it is controlled by big men, it is safe to assume that the interests of the small investor will be safe-guarded at every point.

The present earning power of the Palmer Oil Company is sufficient to pay stockholders 18 per cent on the sale price of the stock.

The small allotment of stock placed with us is for the purpose of drilling more wells, and were it not for the present financial condition it would be impossible for an outsider to secure any of this stock at any price.

Won't you come into the office and let us tell you all about it—you can talk with us freely without placing yourself under any obligation whatever. It's a long story, but an interesting one.

The present price of the Palmer Oil Company stock will be advanced twenty points on June 1st, so the opportunity to get any of this stock at a low price should be taken advantage of at once.

Wise investors who have watched the real estate situation closely and seen that this tract is

## THE BEST OF ALL

will get their deeds and sit back and watch their profits come in.

Scores of people who have not had the time during the week will be on hand at 2:30 o'clock tomorrow afternoon and nine out of ten of those who come to LOOK will stay to BUY.

Never in our experience as sellers of the choicest residence property have we placed on sale a more satisfactory tract and never has there been greater public interest—never have we had such a crowd of home-seekers and investors in our salesrooms all day long.

## But HOW ABOUT YOU?

Do YOU personally realize that this is actually and without exaggeration the opportunity of a lifetime to the man or woman who wants a beautiful home?

## ARE YOU AWARE

that it is in all probability an opportunity that will not come again?

Do YOU know that our terms are only 10 per cent down and 1 per cent a month for this choicest of all choice property, enabling practically any man or woman to own a magnificent home site?

Do YOU appreciate the fact that

## Two New Electric Lines Make

great profits certain?

Are YOU aware that this place of natural beauty is but ten minutes from the center of the great growing city of Oakland by the Fourth avenue cars?

Do YOU thoroughly understand that despite the magnificent situation of this property, its glorious view, its perfect climate, its absolute accessibility, our prices are so low and our terms so easy that every man or woman who wants a home can have one NOW—

Come into our office right away this afternoon, let us take you out to the tract in our autos, let us explain to you about our small payment plan.

Come before the crowd, pick out your lot this afternoon, be early in the morning before the sale begins.

If you have Saturday afternoon off spend it at Fourth Avenue Terrace Extension—there will be a band concert beginning at 2 o'clock and lasting all the afternoon.
